THE PUBLIC ARE CAUTIONED AGAINST THE PUBLIC ARE CAUTIONED AGAINST
It the unfounded statements frequently made, "that
the composition of CHLRODYNE is known to Chemists and the Medical profession." The fact is, Chlorodyne was discovered and invented by Dr. J. COLLIS BROWNE (ex Army Medical Staff), and so
named by him, and it has baffled all attempts at analyeis by the first Chemists of the day. The method and secret of the preparation have never been pub-lished. It is obvious, therefore, that anything sold under the name, save Dr. J. COLLIS BROWNE'S CHLORODYNE, is a spurious imitation.

CAUTION.—Vice-Chanceller Sir W. P. Wood stated that Dr. Collis Browne was undoubtedly the inventor

REMEDIAL USES AND ACTION.

This invaluable remedy produces quiet, refreshing sleep, relieves pain, colous the system, restores the deranged functions, and stimulates healthy action of the secretions of the body, without creating, any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons teatify to its marvelleus good effects and wenderful curer, while medical men extel its virtues most extansively, using it in great quantities in the following discuses:—Chulera, Dysentey, Biarrhem, Colica, Cougha, Asthum, Rheumatian, Neuraigh, Whooping Cough, Cramp, ysteris, &c.

EXTRACTS FROM MEDICAL OFFINIONS.
